

### 1) Theft Incidents in November

"To begin today's program, we'd like to share some important safety information.

In November, there were a total of 41 bicycle thefts reported across Hiratsuka City. Incidents occurred in nearly every neighborhood, with six cases in Shinomiya, five in Beniyachō, four in Amanuma, and three each in Ogami and Yaezakichō.

Please be aware that bicycles have been stolen even when parked inside private property, and sometimes even when locked. To better protect your bicycle, we recommend using an additional wire lock, available at home improvement stores. There were also 10 motorcycle thefts reported, with three in Tamura and two in Yokouchi. When parking your motorcycle, please use not only the standard lock but also an anti-theft lock for extra security."
